## Press Release

This is to raise awareness among the generous people who are contributing to the national disaster situation that has arisen in Sri Lanka.

The generous contributions you all make to your fellow citizens who have been affected by the catastrophic situation that has affected Sri Lanka, and your donation and dedication to restoring their lives, are respectfully appreciated at this time, and it has been a great support.

It is our primary responsibility to ensure that your donation reach those in need, accurately, and responsibly. Therefore, the District Secretariats / Divisional Secretariats have now updated an accurate data system regarding affected people including their specific needs in their respective areas.

This data will help you tailor the assistance you provide to their needs so that no one is left behind. This will provide an opportunity to help those in real need in a balanced and systematic manner without leaving out any area or individual.

I hope that your attention will be drawn to coordinating your donation with the District Secretariats/Divisional Secretariats.
